

# EDWIN RIVERA

FULL STACK DEVELOPER | EDDEV.TECH

## OBJECTIVE

While working as a Tech support agent, my curiosity peaked when learning about how websites are made and ever since I have had a passion for learning the skills for making programs in this skill that I have come to love.

## SKILLS

HTML, CSS, JavaScript  
jQuery, Bootstrap,  
Materialize,  
(MEAN)Stack  
development,  
MongoDB, Express,  
AngularJS, Vue.js,  
Node.js, Php, MySql,  
Sequelize

## EXPERIENCE

### FIRST-LINE TECH SUPPORT • TELESPEAK - ROCKWELL AUTOMATION • JAN 2015 - NOV - 2017

First-Line Tech support, my job was to have first interactions with customers and help start a service request, to direct them to those who could help.
